Made of chamcha wood, the Ophelia Gray Counter Stool has a tremendous amount of personality due to the richness of its woodgrain and the texture of the gray stone finish. With exquisite craftsmanship, we have rescued the reclaimed chamcha wood from being one of nature's finest castaways by making it into this elemental design statement. Because the wood for its back is reclaimed, there will be variations from piece to piece, including some with beautiful butterfly joints. We also offer this counter stool in a natural finish, and we have several bar stools in this collection. Each of these reflect the ethos that Phillips Collection personifies: modern organic.
