The process of applying silver leaf by hand is a painstaking one that takes hours to achieve. We at the Phillips Collection believe it is well worth the trouble because the luminosity of the surfaces that result from the art form is unmatched. Our Medium Silver Boulder Shelf illustrates this perfectly, as the attention to detail is obvious when it is viewed up-close, which makes it an exceptional piece of art for the wall. The ridges in the piece fool the eye into thinking the decorative wall accent is made of a chunk of wood but it is fashioned from composite, which means it is light enough to be easily hung. We also offer the Silver Boulder in a large shelf, and we have gold and bronze versions of this wall sculpture as well. Each of these pieces of decorative wall art reflects the ethos that Phillips Collection personifies: modern organic.
