Merge contemporary beauty with timeless comfort when you add the Franklin Grey Velvet Ottoman/Stool to your living room, den or other space. The classic round shape takes on a familiar silhouette, while the gold stainless steel base gives this stool an ultra-modish look. Velvet covers the top and sides of the stool, adding a luxurious feel to its overall design and giving your feet a pampered feel when used as a foot prop. Use it as an additional seating piece in your room, or keep it near your easy chair for added comfort while you relax and unwind.
