Rest your bones on this beautiful Irvin Navy Velvet Bench. This handsome bench has an elegant demeanor that will not escape the attention of all who enter your space. The sophisticated polished gold legs have a ball design for a distinctly chic appearance, and the bench is upholstered in rich velvet for a soft and supple feel against your skin. Position it at the end of the bed as a handy seat, or use it in an entryway to give people a spot to sit and put their shoes on before heading out the door.
