Seat the whole gang for movie night on this two-piece Stuart grey velvet reversible sectional. A chaise end gives you a spot for stretching out your legs, while two other seats ensure that everyone stays comfortable. The chaise reverses, so you can use it on either end, and the seats and backs are comfortable and plump, so you snuggle up and relax. The chrome nail head trim and chromed feet and legs lend this piece a modern aesthetic that's ideal for contemporary spaces.
