Outfit your home bar or kitchen counter with this Joanna Pink Velvet Stool. The sleek pink color is perfectly suited to contemporary decor and fits well with other neutral-colored furnishings for easy integration in your room, and the velvet upholstery is sleek and comforting to the touch and the skin. A gold finish on the metal frame adds to the modern panache of this stool, while a footrail along the front ensures you have a spot to rest your feet while you enjoy pancakes at the counter or a cocktail at the bar.
