Strike the right notes of both urban charms and family-friendly comfort with the Metropolis seating collection. Choose from two colors — Vintage Black or Vintage Mist Gray (shown) — for the faux leather seats; the Gunmetal finish, meanwhile, is standard for the powder-coated frame. Decorative nailheads frame the seat cushions, and they unify the three seating heights available: chair, counter and bar. Metropolis seating can be paired with NPD metal tables of the same name, and they complement wood table styles, too. Some assembly required, 27.5" seat height, set of 4.
