Reclaimed teak wood and a mixture of hand-forged and cast iron fuse together to create an eclectic assortment of accent pieces in the Industrial Teak collection. Crafted exclusively from reclaimed materials, each piece in this collection is visually stunning and is sure to make a lasting impact in your home while simultaneously preserving valuable natural resources. Whether you're looking to bring harmony to a cluttered office or create a display of your favorite novels and framed photos in the den, this understated bookcase offers up a touch of industrial appeal to your decor. Standing at over 80-inches tall, this bookcase includes five shelves that offer versatility in display options. Set this bookshelf against an off-white or gray wall to complement the gray zinc finish of the cast iron frame and the weathered walnut finish of the shelves, and let the wall show through the openwork design.
