Reclaimed teak wood and a mixture of hand-forged and cast iron fuse together to create an eclectic assortment of accent pieces in the Industrial Teak collection. Crafted exclusively from reclaimed materials, each piece in this collection is visually stunning and is sure to make a lasting impact in your home while simultaneously preserving valuable natural resources. Furniture of the Industrial Teak collection are unique pieces that can offer a variety of uses for your home. This coffee table is short and features a panel design in the reclaimed teak wood that makes up the table, which is wrapped in a water-based, catalyzed, weathered walnut finish that offers durability for daily use. The table has recycled iron accent pieces affixed to each corner in gray zinc finish, along with the four operable wheels affixed to the base that afford ease of transportability. Two smaller wheels are affixed to each end and two large wheels rest at the center of the longer sides. With its industrial design, this coffee table will make the perfect unique centerpiece of your living room.
