The Mozambique collection highlights artisan craftsmanship in a contemporary design with the live-edge effect of the butterfly joints and the sleek and modern style of the U-shaped iron legs. Each piece in the collection is constructed from hand-selected premium acacia wood, offering a much higher quality look and feel. With a classic charm and air of sophistication, this hand-crafted bar cabinet is made of acacia wood featuring a sleek design with clean lines, and a rectangular frame of iron in antique zinc finish on either side. The water-based catalyzed walnut finish on the wood creates an amazing luminosity that evokes beauty from every angle while also being durable for daily use. Thin and tall, the cabinet's top half encompasses two shelves separated from the bottom half by a single drawer for housing all your bar keys, napkins and corks. Affixed beneath the drawer are seven wine racks to safely hold all your wine, margarita and martini glasses, while the 15 square cubbies at the base can easily hold all your favorite liquor and wine bottles.
