Each piece in the Luminaire collection blends contemporary designs with old world charm to create not only an artistic illumination piece, but a unique focal point to every room in your home. Beautiful ironwork and rustic finishes in a variety of colors and materials make each piece in this industrial style collection captivating. Reminiscent of a vintage flea market find, this cloche table lamp blends industrial style with a modern finish. The amber luster glass cloche softens the light from the Edison-style LED bulb inside the piece. The brass bulb base contrasts beautifully with the dark wooden base, and the amber luster of the glass brings a little something extra to the overall look. Perfectly sized to accent any console or side table, this electric-powered and UL-listed cloche table lamp is lightweight and easy to place anywhere in your home.
