Each piece in the Luminaire collection blends contemporary designs with old world charm to create not only an artistic illumination piece, but a unique focal point to every room in your home. Beautiful ironwork and rustic finishes in a variety of colors and materials make each piece in this industrial style collection captivating. Reminiscent of a vintage flea market find, this cloche table lamp blends industrial style with a modern finish. The amber luster glass cloche softens the light from three Edison-style LED bulbs, each a different size and style and layered at varying heights inside the piece. The brass bulb bases contrast beautifully with the dark wooden base, and the amber luster of the glass brings a little something extra to the overall look. Perfectly sized to accent any console or side table, this electric-powered and UL-listed cloche table lamp is lightweight and easy to place anywhere in your home.
