The VEX collection is a study in modern minimalism. It boasts a matte lacquer finish with mitred corner detailing. There is an absence of ornamental drawer hardware and in its place is a unique invisible side pull both functional and tactile. The surface is easily maintained and cleaned with soft close drawer mechanisms and zero VOC construction. The extension dresser top is completely reversible and can be extended to your custom length running on a smooth felt glide. The pulldown door of the VEX chest opens to a fully extending shelf allowing easy display and access.
