The Currant dining chair takes inspiration from classic mid-century design and showcases the eye-catching vibrant colors found in Greenington’s new Amber bamboo. Modern design with a timeless appeal, and quality crafted in earth friendly solid bamboo, Currant is built to last. Design details include slim tapered legs, and a gracefully curved solid bamboo seat and back providing comfortable support. The simple silhouette and city scale of the chairs work well when space is a premium, and combine to bring beauty, strength, and comfort to your dining room. The popular Currant dining chairs ship fully assembled in your choice of four finishes, solid Amber, Caramelized, Black Walnut or rich Sable. The Currant makes it easy for you to promote sustainability in a lovely, classic, and functional way in your home. Sustainable and environmentally safe, the Amber color is not a stain finish, simply an innovation created using earth friendly heat, steam, and pressure to transform the bamboo into Amber’s deep color. The finished product displays a beautiful grain pattern with continuous color throughout the entire material. Variation in grain and color enrich the natural beauty of bamboo furniture and make each piece unique. Slight differences in bamboo shade colors are signs that the furniture has been crafted from solid bamboo and is considered a benchmark of quality. Discover the expert craftsmanship packed into each piece of Greenington bamboo furniture. Made using an earth friendly, renewable resource harvested from fully sustainable and rapidly growing forests.
