The clean lines of the slim decorative sculpture ornamenting the Short Moveable Sitting Man Shelf makes this a perfect accent piece for contemporary, modern farmhouse, and mid-century modern interiors. Abstractly rendered in metal in a bronze finish on a shelf in a black finish, the slim decorative accessory is whimsical on its own and will remain just as playful when other decorative elements are placed on the wood shelf. We also offer the long shelf with movable pointing, leaning, and standing men, which can be combined in an artful arrangement on an accent wall. These same figures also ornament longer shelves in our decorative offerings. Each of these reflect the ethos that Phillips Collection personifies: modern organic.
