The June Small White Planter is ethereal in its bright white finish. Made of composite, its surface is striated to mimic fabric that has been wrapped around a vessel and slathered in a beautiful papier-mâché treatment. One of the loveliest aspects of this design is that it is strikingly contemporary for a garden planter thanks to its crisp white finish and the top lip that rolls into its interior to leave the shape clean-lined. We offer this white garden planter in a number of sizes and we have gray planters in round and square shapes. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
