The perfect example of how we use even the smallest pieces of natural wood we source, the Chuleta Gray Bar Table is made from a slice of chamcha wood that many product designers would see as useless castaways. We rescued it and placed it atop black metal legs. The texture of the grain makes this an elemental introduction to a space. We offer this table in a natural version and have Chuleta wall tiles in our line-up as well. All of these personify the modern organic ethos for which Phillips Collection is renowned.
