River Console Table, Double Sided

Price: \$3,749.00

	Height	Width	Depth
Overall	32.00	48.00	14.00

Cladding a sleek black upright rectangle in the flowing patterns of Golden Acacia wood was the brilliant move we made with the River Console Table. The sleek black base contrasts the lovely warmth of the natural wood to make a statement wherever it is placed. Because it is double-sided, it can go against the wall but it doesn't have to be placed with one side hidden, which makes this a flexible piece in a room. The clean lines of this contemporary wood console table make it perfect for modern interiors, and the use of reclaimed wood illustrates our deep appreciation for melding nature and design.
