The White Aragonite Canoe Bowl is a true work of art sourced from deep beneath the Earth. This decorative bowl in a magnificent shade of white strikes a seemingly impossible blend of robust and delicate. The strong, confident curvature lining the edges of the bowl exude a sense of strength. However, the subtle veining found throughout the piece reminds us that this bowl is a natural wonder. Offered in a wide assortment of additional colors in varying shapes, each Aragonite Canoe Bowl is a one-of-a-kind treasure crafted from the Earth itself.
