The contemporary profile of the Lottie Small Ivory Sculpture has a mid-century modern vibe. Made of composite in a Roman stone finish, the off-white sculpture, which has a ruddy surface that makes it appear as if it has been forged from hammered metal, was designed by Raymond Waite. Like a graceful sentry, Lottie will bring panache to its spot in any room it rules. We also offer the ivory sculpture in a larger size with our Lloyd Sculpture as a set, singly in bronze, white silver, and liquid silver finishes, and as wall sculptures in bronze and silver finishes. Pair it with our Lloyd sculpture in the same finish. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
