The contemporary profile of the Lloyd Small Silver Sculpture has a mid-century modern vibe. Made of composite in a silver leaf finish, the silver sculpture, which has a ruddy surface that makes it appear as if it has been forged from hammered metal, was designed by Raymond Waite. Like a graceful sentry, Lloyd will bring panache to any spot in the room it rules. We also offer the sculpture in ivory, white, bronze, and liquid silver finishes, and as wall sculptures in bronze and silver finishes. Pair it with our Lottie sculpture in the same finish. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
