With exquisite craftsmanship, we have rescued the scrap pieces of teak wood that are hand assembled to create the Teak Slice Round Pedestal from being one of nature's finest castaways. Though the shape is simple, the complexity of the parts that make up the whole illustrates the talent of our craftspeople. When a hint of texture is desired, this wood pedestal will bring it; it is also fitting for a number of design styles, including contemporary, modern farmhouse, and industrial chic. Because this piece is crafted from natural solid wood, color and woodgrain character may vary, adding a unique personality to each piece. There are a number of furnishings and accessories in the Teak Slice collection.
