Leg space	25.50	50.50	0.00

Designed to present a contemporary take on excess inventory, the Elliston desk is a rustic piece that reclaims and repurposes the sentiments of old. Made with a wood grain-patterned melamine top and powder-coated black steel legs, the beauty of Elliston is in its ability to redefine industrial-era design for the modern day. Elliston is outfitted with easy glide right and left storage drawers, and one long center drawer for pads and pens or keyboard storage. All four-foot glides are adjustable to ensure steady positioning. Set Includes: One - Elliston Desk
