Modern, industrial, and versatile. The Una is short in stature and endlessly versatile. This stool is handcrafted from solid fiber-reinforced concrete and can be used as a seat or a side table in the garden and living room alike. Suitable for indoor or protected outdoor use, this item will develop a unique patina and personality, reflecting the surprising evolutionary nature of its industrial material. This product is handmade from natural materials, primarily Portland cement, by individual artisans in Vietnam. Each item displays a unique patina consisting of natural markings and variation in color. Small hairline cracks and imperfections are normal and to be expected.
