The Mercury platform bed by Greenington brings the simple elegance of Mid-Century design into the modern home. Framed in exotic bamboo, the platform bed's upholstered headboard in soft woven fabric brings a sense of refined luxury to the bedroom. Additional features include wrap around solid bamboo side rails and footboard with modern angled legs. Designed to be used with a mattress only, the Mercury features a solid bamboo European slat system, eliminates the need for a box spring, and provides constant ventilation for your mattress. Crafted in exotic bamboo with the character, beauty, strength and feel of a truly one-of-a-kind, tropical hardwood. Available in your choice of Queen, King, and California King sizes.
