Incorporating the principals of simplistic styling of an iconic classic with the vision of true functionality for today's modern home, our Benjamin chair is perfectly suitable for urban as well as suburban homes. These fully assembled chairs are constructed from molded plastic with the added bonus of a plywood seat that is curved for added comfort. Their space-saving stackable feature make them perfect for a variety of settings. These chairs are sold in increments of 2 per carton. Available in White, Red, Grey and Black.
