Portable lighting lets you add style and welcome light to any corner of your home. Because the shade directs the light, they are especially useful as reading lamps placed around seating or used in a home office setting. This line of floor lamps uses a stable tripod design featuring a frame in satin chrome finish with optional black. Classic conical shades come in fashionable black or white with silver interior or black with warm gold finish on the inside. Or, choose a shaped shade with a unique faceted look to add visual interest anywhere you place it. Clean lines and a sleek profile make tripod floor lamps a welcome addition to any room or design plan. 3 Leg Tapered Drum Floor Lamp, Matte Black
