The Aluvia is an artistic assemblage of 60 precision-cut aluminum leaves, overlapping each other on a durable polycarbonate frame. These metal leaves surround the light source, emitting glare-free, ambient light. The underside of each leaf is painted white for increased light reflection, and the exterior is finished in one of two different colors: subtle Pearl or dramatic Anthracite. Available in two sizes, the Medium (18.9”h x 23.3”w) can be used as a pendant or hanging wall lamp, while the Mini (11.8”h x 15.7”w) is available as a pendant, table lamp, floor lamp or hanging wall lamp. Hang it over the dining table, position it in a corner, or use as a statement piece anywhere; the Aluvia makes an artistic impact in any room.
