This gorgeous two toned teak Humphrey Sideboard is 83" of every minimalist's dream. No hardware can be found on this sideboard. Each of the four door panels have small handles that are artfully cut out to be a part of the design of the cabinet. The lighter antique grey washed door panels offer a subtle contrast with the rich warm tones of the natural teak exterior of the cabinet. Finished on an antique gunmetal finished steel base, this sideboard has it all for any home.
