Enjoy the flickering flames of a warm fire with the Implicit Propane Gas Fire Pit Table. A welcome addition to the outdoor patio, backyard, deck, or poolside, Implicit mimics the look of wicker rattan with its textured magnesium oxide molding and waterproof espresso paint finish. Tempered glass beads fill the center of the square pit, lighting up surrounding silhouettes with a cozy golden glow. Crafted with durable materials for safety and sturdiness, this propane gas fire table with a 40,000 BTU burner creates a smoke-free flame, is CSA certified, burns up to 8 hours on high or up to 16 hours on low, and is easy to control for consistent heat and is user-friendly with a simple turn of a knob and touch of an ignition button. Perfect for entertainment or relaxation, Implicit brings both style and function to your outdoor space. Please read instructions carefully before connecting with an external propane tank. Propane tank does not store within the unit. Set Includes: One - Implicit Fire Pit Table
